

880TPB1 & 880TPB2

DESCRIPTION:

880TPB1 Single 800 Series push button switch module, single pole two way with optional LED

880TPB2 Double 800 Series push button switch module, single pole two way with optional LED

RATING:

250V a.c., 50Hz
- 16A resistive, 16AX fluorescent

For detailed wiring options see reverse

880MT1SPB & 880MT2SPB

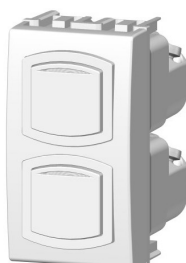

DESCRIPTION:

880MT1SPB Single 800 Series N/O - N/C push button switch module, with optional LED

880MT2SPB Double 800 Series N/O - N/C push button switch module, with optional LED

RATING:

250V a.c., 50Hz
- 10A resistive
24V d.c.
- 10A resistive
M50 Motor Rating

880TPB1 & 880TPB2

DESCRIPTION:

880TPB1 Single 800 Series push button switch module, single pole two way with optional LED

880TPB2 Double 800 Series push button switch module, single pole two way with optional LED

RATING:

250V a.c., 50Hz
- 16A resistive, 16AX fluorescent

For detailed wiring options see reverse

880MT1SPB & 880MT2SPB

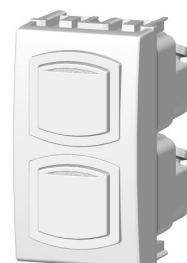

DESCRIPTION:

880MT1SPB Single 800 Series N/O - N/C push button switch module, with optional LED

880MT2SPB Double 800 Series N/O - N/C push button switch module, with optional LED

RATING:

250V a.c., 50Hz
- 10A resistive
24V d.c.
- 10A resistive
M50 Motor Rating

880TPB1 & 880TPB2

DESCRIPTION:

880TPB1 Single 800 Series push button switch module, single pole two way with optional LED

880TPB2 Double 800 Series push button switch module, single pole two way with optional LED

RATING:

250V a.c., 50Hz
- 16A resistive, 16AX fluorescent

For detailed wiring options see reverse

880MT1SPB & 880MT2SPB

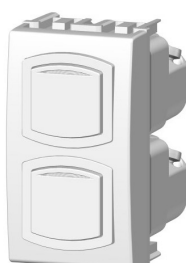

DESCRIPTION:

880MT1SPB Single 800 Series N/O - N/C push button switch module, with optional LED

880MT2SPB Double 800 Series N/O - N/C push button switch module, with optional LED

RATING:

250V a.c., 50Hz
- 10A resistive
24V d.c.
- 10A resistive
M50 Motor Rating

880TPB1 & 880TPB2

DESCRIPTION:

880TPB1 Single 800 Series push button switch module, single pole two way with optional LED

880TPB2 Double 800 Series push button switch module, single pole two way with optional LED

RATING:

250V a.c., 50Hz
- 16A resistive, 16AX fluorescent

For detailed wiring options see reverse

880MT1SPB & 880MT2SPB

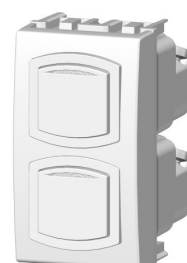

DESCRIPTION:

880MT1SPB Single 800 Series N/O - N/C push button switch module, with optional LED

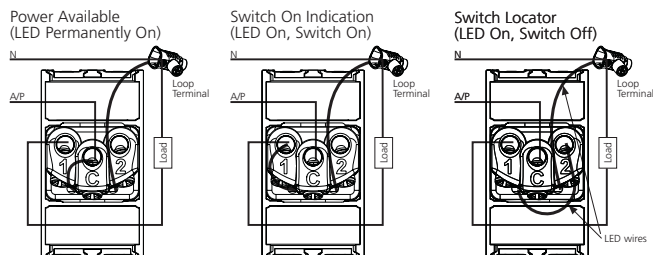

880MT2SPB Double 800 Series N/O - N/C push button switch module, with optional LED

RATING:

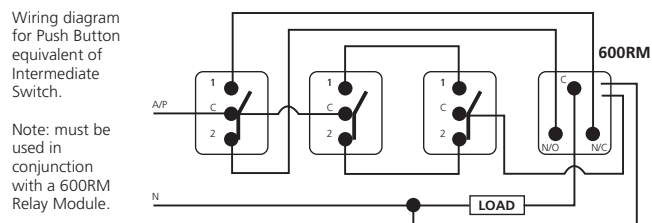

250V a.c., 50Hz
- 10A resistive
24V d.c.
- 10A resistive
M50 Motor Rating

880TPB1 & 880TPB2 WIRING OPTIONS:

Note: LED is factory fitted and is not replaceable. LED does not have to be connected if not required.

880MT1SPB & 880MT2SPB:

N/O: Wire as above

N/C: For this option connect the load to the '2' terminal

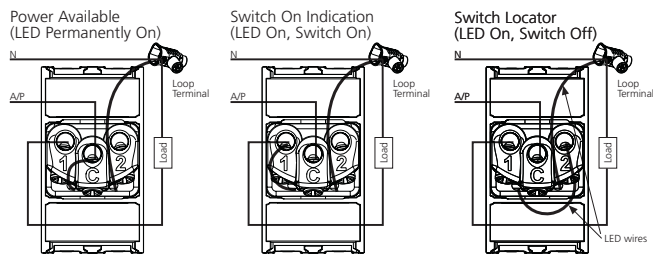

880TPB1 & 880TPB2 Installsheet.pdf 4 September, 2007

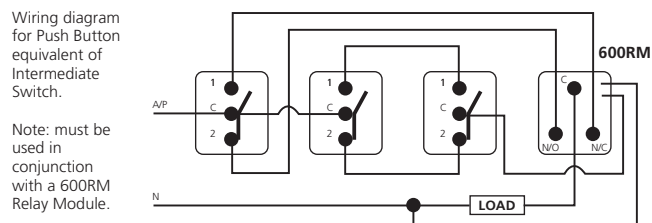

505298
