4 Mounting and installation

⚠ ⚠ DANGER

HAZARD OF ELECTRIC SHOCK

- This product must be installed and serviced by appropriately qualified and/or licensed electrical personnel.
- Isolate the electrical supply before doing any work on this product.
- Suitable for indoor use.
- Ensure that the product has been correctly installed and tested for safe operation before reconnecting the electrical supply.
- To comply with all safety standards, the product must be used only for the purpose described in this instruction and must be installed in accordance with the wiring rules and regulations in the location where it is installed.

Failure to follow these instructions will result in death or serious injury.

⚠ CAUTION

RISK OF EQUIPMENT DAMAGE

The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.

Failure to follow these instructions can result in minor injuries or equipment damage.

⚠ CAUTION

RISK OF BURN INJURIES

During and after use, the product may be hot. Do not touch the product before it has completely cooled down.

Failure to follow these instructions can result in minor injuries or equipment damage.

Important

- Check whether the product has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete ceiling light to place of purchase for inspection, repair or replacement.
- Take care not to pull any electrical wires during unpacking, as this may damage the connection.

Mounting and installation instruction

- (1) Open the back plate.
- (2) Unclip the lanyard and remove the terminal blocks and wire.
- (3) Poke the bushing, then drill three holes in the ceiling, and securely mount the back plate with the included fixings.
- (4) Use the toggle the button to select the colour temperature required.
- (5) Reconnect the lanyard.
- (6) Connect the cable into the terminal block.
- (7) Re-insert the terminal block and align the wires into their corresponding channels.
- (8) Align the two arrows and screw on the luminaire, then turn on the mains power supply.
