Strato 8000 Series™

Your contemporary modular solution

clipsal.com

Sleek, stylish modular design

With contemporary styling and modular design, you simply can't go past the stunning new Clipsal Strato 8000 Series- the latest addition to Clipsal's extensive premium switch offering.

The entire range provides a minimal, low profile design that complements any modern interior or architectural environment in both residential and commercial space. The unique modular look will appeal to those who want an eye-catching, stylish switch to suit today's interior designs.

Available in a wide range of configurations with interchangeable coloured surrounds and module combinations, Strato 8000 Series can cater for all applications and specific requirements. From audiovisual and HDMI to push-button and dimmer options, the new Clipsal Strato 8000 Series is a truly modular switch and outlet solution.

Strato 8000 Series

Fully assembled for your convenience

Standard configurations of the Strato 8000 Series are available fully assembled in black and white colours, saving you time on every installation and making ordering far easier. This is especially handy for commercial installations or large residential projects, where many switches and outlets may need to be ordered and installed.

Sleek contemporary style
Premium switch design
