Modena 8000 Series™

Your Sophisticated Modular Solution

clipsal.com

Timeless, sophisticated modular design

When it comes to classic styling, comfort and usability, Clipsal's premium Modena 8000 Series is the perfect addition to any interior.

Modena 8000 Series

The Modena 8000 Series is designed with the best form, function and safety features in mind. This classic range comes with larger switches and easy-to-view indicators, tailored with a minimalist, subtle finish. The large soft-resistance switch mechanism provides easier operation and practical functionality for all users, including those with limited mobility.

The range of finishes, colours and configurations suit any décor and are the perfect complement to any residential or commercial environment. The Modena 8000 Series caters for all applications and specific requirements. From audiovisual and HDMI, to push-button and dimmer options, the Clipsal Modena 8000 Series is a complete modular switch solution.

Fully assembled for added convenience

Standard configurations of the Clipsal Modena 8000 Series are available fully assembled in black and white colours, saving you time on every installation and making ordering far easier. This is especially handy for commercial installations or large residential projects, where many switches may need to be ordered and installed.

Classic sophisticated curved surround

Black and white models come fully assembled for convenience

37 fully assembled modules available. For entire range of standard configurations, see over.

Modular design

- Over 200 custom configurations
- Additional interchangeable colour surrounds
- Available in seven coloured surrounds.

Complete modular design

The Modena 8000 Series is designed using a modular format, offering greater flexibility to suit any interior décor and function. There is a selection of timeless fascia colours to choose from. The fascias, when combined with either black or white switch modules, ensure there is something to suit every domestic and commercial application.
