

KNX Energy Meter

Product End-of-life Instructions

The End of Life Instruction (EOLI) covers the entire range of KNX Energy Meter

Marketing Model/Name:

KNX Energy Meter REG-K/3x230V/16A , Ref : MTN6600-0603

Size H x L x D:

65 x 90 x 71 mm

Weight : 131 grams

Product End-of-life Instruction

Purpose

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Note

This product family is not in the scope of EU directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE).

Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy: Reuse → Separation for special treatment → Depollution → Dismantling → Shredding.

The components of the products that optimize the recycling performances are listed, identified and located hereunder.

Number of drawing	Components	Weight (g)	Comment
Components listed for depollution			
1	PCBA KNX Energy Meter	60 g	[7]
Components listed for dismantling			
2	Plastic parts	68.08 g	[2,3,4,5,6,8]
Components listed for shredding			
2	Plastic parts	1.6 g	[1]
