How to register in the mySchneider IT Partner Program

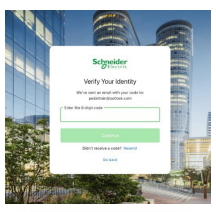

1 Go to se.com/myschneider and click **'Register Here'.**

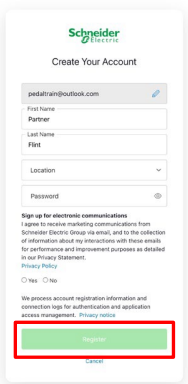

2 Enter your email address.

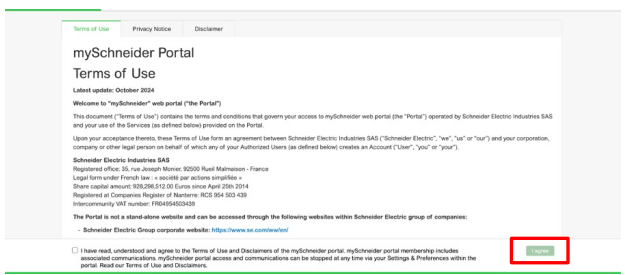

3 Enter the verification code sent to your email (valid for 15 minutes) to continue. Then complete your profile by adding your full name, location, and a secure password. We recommend that you select **'Yes'** under marketing communications. Click **'Register'** to complete the authentication process.

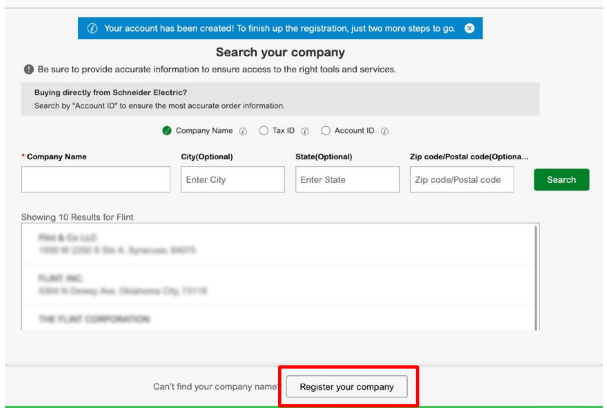

4 Review the mySchneider Portal Terms of Use, select the agreement checkbox, and press **'I agree'** to continue.

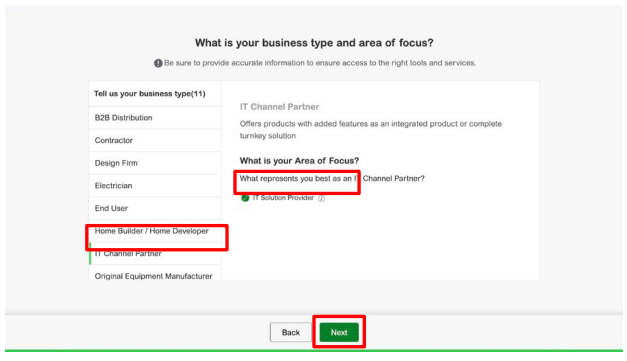

5 Enter your company name and select your company and location from the suggested list.If your company is not listed, create a new company account and click **'Register your company'** to continue.

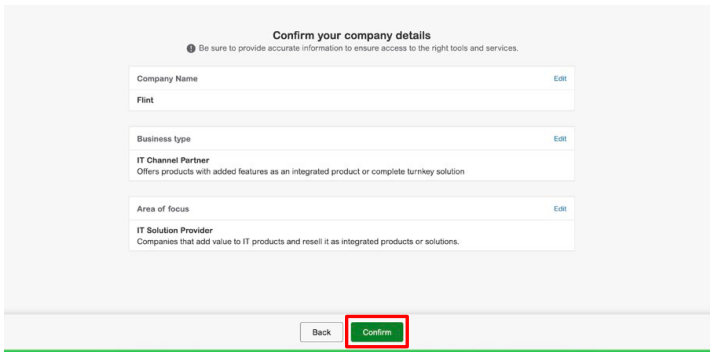

If you join an existing company account, your company's Primary Contact must approve your registration before your program level is aligned with your company.

6 To join the mySchneider IT Partner Program, select **'IT Channel Partner'** as your business type and **'IT Solution Provider'** as your area of focus, then click **'Next'** to continue. Please note that only one business type can be selected during registration.

7 Review your company details and press **'Confirm'** to finalize your account setup.

Welcome to our mySchneider IT Partner Program!.
