CNBC's IOT Powering the Digital Economy: New Energy Landscape

Plenary– April 3rd 10:15 – 11:00 CET

The intersection of sustainability, energy and technology presents both challenges and opportunities for businesses in the quest for a more sustainable future. CNBC looks at how harnessing the power of technology and innovations, including AI, will help to drive the new energy landscape. We also discuss the challenges and barriers to achieving a sustainable energy transition and explore innovative solutions to overcome them.

Format *(45mins)*:

1. Editorial Interview (8-10 mins)
    - Silvia Amaro, CNBC + Gwenaelle Avice-Huet
2. Scene Setter video
3. Part 2: editorial panel (35 mins)
    - Silvia Amaro, CNBC
    - Bertrand Piccard, Swiss Explorer and President, Solar Impulse Foundation
    - Mary de Wysocki, CSO, Cisco
    - Caroline Hargrove, CTO, Ceres

Keynote by Peter Herweck, Schneider Electric CEO featuring Customer Exchanges and Impact Innovations

Plenary– April 3rd 14:30- 16:00 CET; LinkedIn live

Join Schneider Electric CEO Peter Herweck for a dynamic keynote at Innovation Summit Paris 2024. Witness the power of Innovation for Impact as Peter explores the megatrends rapidly transforming our environments. Discover how these trends present both challenges and opportunities through compelling data and real-world customer exchanges showcasing how Schneider Electric, together with its partners and customers, are harnessing electrification, digitization, and automation to drive meaningful change.

Witness how ambition translates to action today with Schneider Electric's impact innovations, offering cutting-edge solutions, technologies like digital twin, data analysis, and connectivity to empower prosumers and drive meaningful change. Be inspired to join the conversation and take action. Together, we can create lasting positive change for our planet and society.

Customer Exchange Guest Speakers:

Christopher Guerin
CEO, Nexans

Stefan Klebert
Chairman & CEO, GEA Group

Susheel Koul
CEO, JLL Work Dynamics APAC

Angelique Van Der Burg
EVP, CPO, Infineon Technologies
